**Letter of Reference for
Mr. Matthias Helmold**

September, 2012

To Whom it May Concern

As Medical Director and Head of Medical Affairs & Pharmacovigilance, Reproductive Medicine Division of Gedeon Richter Pharma GmbH, I am honored to offer my strong endorsement of Matthias Helmold.

Matthias has worked for five months (April 1st – August 31st, 2012) as an intern in my department and in this time has become a valued member of the team. In his role as Medical Assistant, Matthias supported all medical functions within the company, while specifically performing the following duties:

- Developing medical & scientific presentations for leading Physicians' lectures
- Drafting and managing scientific & medical responses to Customer queries (Level 1 Support)
- Translation of scientific publications (English to German) for Employee Training materials
- Drafting case reports based on international Phase III trial data
- Bilingual departmental task management (i.e communications with international headquarters, phone calls in English dealing with scientific matters, creating or translating documents in English and German.)

Although a junior member of the organization, Matthias quickly established himself as a knowledgeable specialist within his realm of duties, and was seen as a valuable resource on many strategic projects. He is someone the team could always rely on, regardless of the difficulty of the task or the novelty of the challenge.

Having a quick intellectual grasp and being an independent thinker, Matthias has a mature and deliberated approach to projects and people that makes him a team-player and a leader in groups.

Matthias' unique combination of attributes – keen perception, breadth of mind, performance with focus, accuracy and speed – will contribute to his success in graduate studies and career and will certainly make him a valuable member of any academic program as well as industry.

I encourage you to look favorably upon his application.

Sincerely,

Dr. Michaela C. Häger
Medical Director
